Features

Lifetime Motor Warranty

Silent Operation Superior triple capacitor speed control offers “country-quiet” operation on all speeds.

Dependable Performance Precision-made silicon steel motor with 100% copper windings offers the most efficient performance.

Three-Speed Motor Three forward and three reverse speeds with slide switch control and pull chain controls.

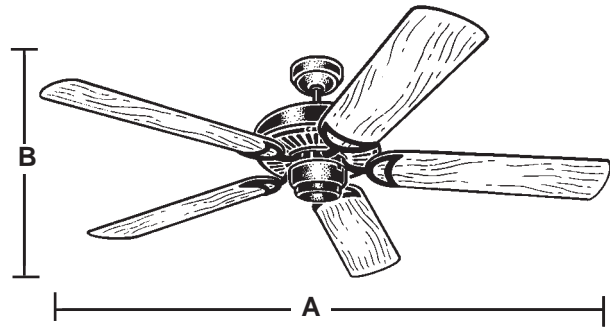

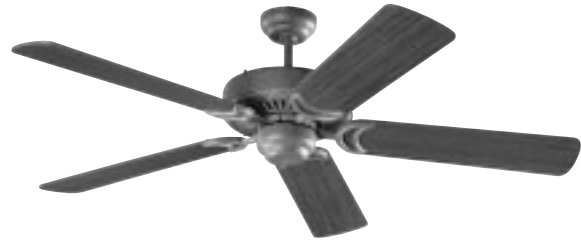

Oversized Motor Housing The full size 300mm housing is constructed of heavy gauge steel and incorporates a sleek integral switch housing design.

13° Blade Pitch Extra-wide 108mm x 76mm, high quality plywood blade sets are perfectly balanced for smooth operation, optimum air movement and secured with die-cast blind tapped blade irons.

Stable Hanging System Heavy duty hanging ball and bracket are both made of die-cast zinc and deliver smooth, balanced operation. Extra safe, locking downrod system.

Extra Long Lead Wires: 78" lead wires are provided for ceiling heights requiring the use of longer downrods.

Optional Accessories All Celebrity Deluxe fans can be customized to complement any décor by selecting from a variety of lighting components and fan blades. Celebrity Deluxe fans may also be reversible remote adaptable with 1604-15.
