

# WHOLESALE WEBSITE

[WWW.EFI.ORG/WHOLESALE](http://WWW.EFI.ORG/WHOLESALE)

Never hesitate to give us a call to place orders, ask questions or get information. If you would like to order on-line, we invite you to use the EFI e-business site. This is an easy to use, basic web site that allows existing customers to place orders, and check pricing.

The initial landing page is located at [www.efi.org/wholesale](http://www.efi.org/wholesale). This page contains basic company information, phone numbers, addresses and maps to our locations. You can also download some useful forms and files — Credit application, Catalog pages, MSDS Sheets for products that require them, Installation Instructions and Spec Sheets.

Wholesale Pricing and the Wholesale Ordering Section of the site are password protected. In order to place orders, you will need to send a note to [wholesale@efi.org](mailto:wholesale@efi.org) requesting that we enable your account. Once enabled, you will be able to see your pricing, place orders, check stock, get copies of open orders, invoices, quotes, etc.

If you are not yet in our system and have not done business with us, send a note to [wholesale@efi.org](mailto:wholesale@efi.org) with your company name, address, phone and fax numbers and contact names. We will set you up and enable you to use our wholesale site.

Thank you for your continuing loyalty. We are very appreciative of our many customers who have been with us for over 25 years and are excited to be starting new relationships every week.

We appreciate your continued business and welcome your feedback.
